THE BEST REMEDY

Diseases of the Throat and Lungs. pulmonary organia a safe and reliable remedy is inval-uable. A TER's always to be had. CHERRY

PECTORAL.

affording prompt relief and rapid cures, and is adapted to patients of any age or cither sex. Being very palatable, the youngest children take it readily. In ordinary Caughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croun, and Catarrh, the effects of Arra's Chemary Pectoral are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trified with become deeply scated or incurable. Use Aven's Chemin Pecrokal, and you may confidently expect the best results. It is of acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow. Eminent physicians, knowing its composition, prescribe it. The test of half a century has proven its certainty to cure all pulmonary complaints not already beyond the reach of human aid.
